

Invest in Your Community

Integrative Inquiry Consulting is committed to providing services to organizations and businesses that are working to improve their communities. We offer discounted services for non-profits and public institutions that need culture change support, but lack funds to work with us. However, even with adjusted rates, there are projects that cannot get off the ground without additional support. That's where you come in.

As a Corporate Sponsor, you help directly and transparently support these needs by funding one of our Community Projects. 100% of the money goes directly to project costs and development. You make this work possible.

OUR NEW INITIATIVE: The Courageous Dialogue Facilitator Training for Women

Empowering Women, Empowering Communities.

In Her Presence (IHP) was created by and for immigrant women in Maine, with the goal to empower women and girls to reduce systems of inequity, to advocate for themselves and their families, and to understand and address barriers to success. Integrative Inquiry and IHP are working together to develop a powerful facilitator training program. It will partner US citizens and New American women to develop the professional skills to mediate difficult conversations around culture and equity and help drive change in our community.

Throughout this project, we will hold multiple forums with different Maine-based organizations to engage in meaningful dialogue and apply their training. The ultimate goal of the project is for our facilitators identify ways to use their skills to find successful careers and connect with employers, while also offering them ongoing training and education to continue to hone their skills. We intend to create a program that is sustainable and that can be expanded to more participants in the coming years.

The Power of Choice

As a Corporate Sponsor, you can choose where your money goes and how we acknowledge your contributions to make sure it aligns with your interests.

HOW WE ALLOCATE FUNDS

Interested in supporting certain aspects of the project that more closely align with your business mission or charitable goals? Corporate Sponsors can choose what part of our project to support, until each phase is financed.

PHASE 1 Curriculum

We bring together instructional design experts and community stakeholders, we will build a comprehensive six-month long program that prepares the participants in fundamental critical thinking and facilitation skills, resulting in getting licensed as facilitators.

FUNDING GOAL: \$15,000

PHASE 2 Training

We bring on 12 women from different backgrounds to pilot the program, learning the fundamental skills needed to facilitate effective dialogues.

\$20,000

PHASE 3 Evaluation

We work with a number of organizations to set up forums where our new facilitators hold dialogues on race, immigrant status, and gender to improve their practices. We evaluate their progress and provide feedback and support, then adjust training for future cohorts.

\$10,000

HOW WE THANK YOU

Tell us how to acknowledge your support by selecting any of a variety of options in addition to the standard logo placement. For every \$1,000 donated select an additional feature. (Some features are restricted to a limited number of sponsors). Or reach out for something more customized!

Social Media Footprint

Featured representation on our social media platforms with links to your business.

Live Event Marketing

Your logo will appear on a customized virtual background during trainings.

Access to Stakeholders

10 minutes of direct communication with partner organizations or community members.

Personal Thank You

During pre-recorded and live events we will give a personal thanks to your business.

Host a Forum

Bring our facilitators to your business to deliver a free forum discussion around a topic of your choosing

Reporting Acknowledgement

our reports will have a specific call out to you, featuring a statement from your company in the report.
